Aby To: Create Item and Box Tags

This tutorial will demonstrate how to create tags with barcodes for items and boxes that will be packed out from the job site; Tags with barcodes help to identify what an item is or what a box contains and who it belongs to if you plan to scan items in your warehouse for tracking purposes.

- 1. Open a web browser (Chrome , Firefox vor Internet Explorer) and navigate to: <u>https://assuredsoftware.cloudforce.com</u>.
- 2. Log in with your username and password (username is usually your email address).
- 3. Open the job you would like to create the tags for.
- 4. Click on the '*Inventory*' tab; on the left, click the link '*Print Tags*'.

Detail	Activity	Attachments
Nint Tags		

- 5. Choose the type of tags you want to print: item or box tags (ie. item tags for larger furniture items and box tags to label boxes of smaller items).
- 6. Choose the layout style that best suits you (ie. Avery 5161 are commonly item tags and Avery 5164 are commonly used for packing boxes).
- 7. Choose to either print tags with customer contact info on them or a space to write in the name of the room you are packing out for a quick visual reference when looking at the item or box later.
- 8. Choose the range/quantity of tags you want to create and click '*Print Tags*'.

Tag Type	● Item O Box	
Layout Style	Avery 5161 (20/Page) ▼	
Include	Customer Info O Room	
Tag Number	 Starting from 	1 to 100
	Specific Tag Number(s)	Type tag numbers and/or ranges sepa
	Reprint existing tags from	Room (AII) with Condition (AII)
	Print Tags	

The tags will appear in the Export queue to the left of the screen and a green checkmark indicates they are ready to print.

Export Queue	
Box Tags (Avery 5164)	<u>1-</u> 🖌
